 Bead Green glass
 Thread Olive 6/0
 Tail Green hackle fibers
 Abdomen Olive 6/0 thread, lacquered, glass beads
 Thorax Olive and yellow SLF dubbing

Note: Any pattern tied sparse, thin and olive can represent damsel nymphs and other foods. A tyer can "make up" almost any pattern. That is part of the fun!

Jan "JJ" Johansson

Bead Chain (Jan "JJ" Johansson)
 Hook Mustad C49S, sizes 8-14
 Thread Tan 8/0
 Abdomen Gold bead chain, Super Glue after securing at back of hook with thread in such a manner so beads do not catch in hook bend

Thorax Nat. hare's ear
 Note: Jan settled upon this design because it penetrates the water quickly, sinks fast, and has animation. Try a tuft of rabbit on the last bead segment.
